IMPACT

Our work revolves around creating positive impact, For the makers, for their families and for you. Our Social Enterprise sits in the heart of a displaced community in residential Istanbul tightly connected with our nonprofit & community center Small Projects Istanbul. We engage the children in gaining skills for their future here in Turkey, whilst upstairs the women work together to produce unique, handmade products with a story woven into them. The ripple effect starts with you, as we share our message...

Be a voice, not an echo

Bir yankı değil, bir ses ol

كن صوت لا الصدى
